'Argos'

A wide-angle shot of a snowy ski run. The run is groomed with multiple parallel tracks from a snow groomer. The snow is bright white and appears soft. On either side of the run, there are snow-covered slopes with sparse, bare trees and shrubs. In the foreground, the black metal frame of a snow groomer is visible, partially covered in snow. The frame has a grid pattern and some text that is partially obscured by snow. The overall scene is bright and clear, suggesting a sunny day.

Signs

A large stack of reddish-brown wooden pickets, likely made of treated lumber, is shown in a warehouse setting. The pickets are stacked in a dense, somewhat irregular pile, with many ends visible. The wood has a distinct reddish-orange hue, characteristic of treated lumber. The background shows dark wooden beams and a corrugated metal wall, suggesting an industrial or storage environment. The lighting is somewhat dim, highlighting the texture and color of the wood.

 **Welcome**   
to the  
**Beautiful Eastern Association  
of Snowmobile Trails  
(B.E.A.S.T.)**

This is a historic trail. Grooming may be limited due to geographical constraints and the trail width may be narrower than normal OFSC Prescribed Trails. Reduce speed. Use at your own risk.
